

## Codreanu - 7 June 1988

My name is Codreanu. I'm the youngest of the boys. My mother abandoned me in the maternity ward and I was sent to an institution. Because of my behavioural problems they wanted to send me to a state hospital but no places could be found so I was sent to the orphanage in Slobozia. In 2003 I came to live at Amara. Sometimes I get upset and try to hurt myself. At the orphanage the staff tied my hands behind my back and I had to wear a rugby helmet. Now, at the Amara house, I'm much happier even I still hurt myself. The staff here loves me and they always try to find ways to protect me from hurting myself. I enjoy playing on the slide and going out for a walk but you have to watch me because if I see someone with some shopping I'll try to take it!
